Cherry Finish

DETAILS

All surfaces are finished with an elegant fluted edge detail made with our high impact 3 mil PVC Tough Edge. Tough Edge is softer to touch than traditional edging and provides a gentle transition from work surface to gable. Its strength and durability help protect the edge from scratches, chips and dents. Performance also uses Tough Edge to finish the ends of all gables.

The Performance Seating Line features a wide range of styles for every aspect of office seating. Ask your dealer for more information.
